Dear Todd:

The ballot question organization Coalition for Neighborhood Libraries wishes to re-activate. You will recall that this is the group that runs ballot issue questions related to library funding measures for the Central Arkansas Library System. Our statement of organization is on file and the information on it is still correct. The Coalition goes on inactive status between elections and then re-activates whenever we have a library funding issue on a ballot.

Our branch library in Perry County will have a library millage question on the Perry County ballot at a special election in Perry County on December 10, 2013. The measure will be asking for a .7 mill increase in library millage in Perry County to go toward operations of the Perry County Library.

We expect minimal campaign expenses and a small number of donations. I can be contacted at 320-5727 if you have questions. Thanks as always for your help on form reporting and keeping.

Sincerely,

*Bob*

Bob Razer, Treasurer  
Coalition for Neighborhood Libraries
