ARKANSAS HEALTH CARE ASSOCIATION
ADDENDUM #3

Based on our counsel's discussions with the Ethics Commission, our interpretation of the law is that our organization is not required to disclose the entire set of all contributions we receive or all expenditures we make which are unrelated to ballot question advocacy; rather, we believe that our disclosure requirement is limited to those contributions and expenditures which are related to ballot question advocacy. We will alter our interpretation if we receive relevant guidance from the Ethics Commission in the future.

ARKANSAS HEALTH CARE ASSOCIATION
ADDENDUM #4

We accidentally provided incorrect information in our initial filing; we have addressed this problem in our most recent filing. In order to clarify the dates of all donations to Health Care Access for Arkansans, we have filed two amended financial reports – one for the first six months of 2016, and another for July of 2016. When we first decided to carry out expanded disclosure, we made that decision in July; by the time we finished compiling this information, it was August. The reporting period we originally supplied in our initial financial report was incorrect. In order to eliminate any possible ambiguity, we have now decided to file two separate amendments to our original report. These two amendments describe the entirety of our donations in two separate time periods, and they should eliminate any ambiguity in our previous filing.
